RELEVANT PROFESSIONAL EXPERIENCE

UX/UI Designer & E-commerce Manager

Venus (DTC Personal Project) — December 2023 – November 2025

- **UX/UI Design & Prototyping:** Designed, wireframed, and independently administered a fully functional Shopify store, applying user-centered design, information architecture, and rigorous responsive patterns for mobile optimization.
- **Conversion Rate Optimization (CRO):** Custom-built landing pages and tailored native themes utilizing CSS modifications to improve user flows, visual storytelling, mobile responsiveness, and client retention.
- **Data & Product Management:** Owned the digital product roadmap, performed routine usability testing, managed vendor/supplier interactions, and utilized analytics to optimize user journeys and boost sign-ups/ conversions.
- **Branding & Content Strategy:** Directed digital identity and leveraged AI productivity tools to accelerate high converting visual assets and layouts for digital marketing channels.

Digital Projects & Communication Coordinator

SNTSS — January 2025 – August 2025

- **Project Management:** Planned high-impact multimedia layouts and coordinated internal workflows across engineering and content teams to ensure on-time delivery of strategic digital assets.
- **Digital Strategy:** Managed public-facing web initiatives and communication structures, focusing user flows on increasing audience conversion, engagement, and digital community growth.
- **Visual & Layout Design:** Crafted scalable graphic systems, user interfaces, and supportive digital UI elements ensuring continuous corporate brand alignment.

Medical Office & Operations Coordinator

IMSS (High-Volume Healthcare Institution) — February 2024 – January 2026

- **Cross-Functional Leadership:** Executed administrative and operational product-flow coordination, managing data-heavy records, team schedules, and complex system patterns.
- **Data Analytics & Dashboarding:** Managed internal high-volume data streams, conducted performance analysis, and delivered visual operational reports to align stakeholders across multiple departments.
- **Human-Centered Care (UX Mindset):** Acted as a central bridge of communication, troubleshooting critical user flow pain points under extreme high-pressure environments with deep empathy.

Asistente de Operaciones / Atención al Usuario (Medical Assistant)

IMSS — January 2018 – February 2024

- Comprehensive administrative support, strict control of files, and prioritization of organizational tasks under high standards of quality and confidentiality.

GLOBAL EXPERIENCE & LEADERSHIP

Global Mobility & Cultural Consulting

Residential Stays in Ireland & United Arab Emirates (Dubai) | International Travel Experience

- **International Logistical Flow:** Gained hands-on knowledge in international logistics, global travel patterns, digital-nomad frameworks, and high-end consumer expectations in tech-forward countries.
- **Autonomous Adaptability:** Polished advanced bilingual communications and self-reliance skills, solving realtime operational or environmental bottlenecks independently.

Emergency Response Coordinator (Crisis Volunteer Staff)

IMSS - Hurricane Otis Response — October 2023 – November 2023

- Spearheaded real-time resource allocation and layout logistics under severe crisis, coordinating teams under intense pressure to maintain service continuity.

MEDIA & PUBLIC SPEAKING

MVS Noticias International Guest Analyst (March 2026): Featured on live TV, radio, and international digital platforms as a geopolitical analyst for Dubai context, proving exceptional public presentation, articulation, and stakeholder communication skills under dynamic media settings.

EDUCATION & CERTIFICATIONS

- **B.S. in Business Administration (Graduated)** | Universidad Latinoamericana
- **Scrum Foundations Professional Certificate (SFPC)** | CertiProf (In-progress, 2026)
- **Google Professional Project Management Certificate** | Google / Coursera (In-progress, 2026)
